CRG INDUSTRIES

HEAVY STEEL
FABRICATORS &
FRP COMPONENTS
FOR RAILWAYS
& DEFENCE
(CHANDIGARH, INDIA)

EXCELLENCE IN DETAILS - SINCE 1988.

FRP Components Manufacturers and Heavy Steel Fabricators

The CRG Group, also known as CRG Industries, has a long history of providing high-quality products and services to its clients in the Government and Private Sectors. With roots dating back to 1988 through the guidance of Shanti Steels, the company has grown and evolved into a highly respected player in the global market.

The company is headquartered in the picturesque city of Panchkula, near Chandigarh in India, and has additional manufacturing facilities in the nearby towns of Baddi and Barwala.

OVER 30 YEARS IN MANUFACTURING

Covering over 1,00,000 square feet for manufacturing

A Professional team of over 300 people with Expert Design Engineers, Quality Personnel, Production Heads etc.

Manufacturing for Indian Railways & DRDO (SASE).

Expertise in Heavy Steel Metal Fabrication.

With a focus on serving the Indian Railways and Defense sectors, the CRG Group has built a reputation for delivering reliable and innovative solutions.

Our commitment to excellence is evident in the level of care and attention we give to every project, ensuring that each client receives the highest quality products and services.

PIONEERING PRECISION ENGINEERING FOR A CONNECTED WORLD WHILE SHAPING TOMORROW'S SOLUTIONS TODAY

CRG Group is a global powerhouse, known for our robust manufacturing capabilities spanning over 100,000 sq ft and employing more than 300 skilled professionals including engineers, quality assurance personnel, and production heads.

Our product portfolio boasts high-performance rail components, heavy steel fabrication, and proprietary products like snow nets and fully assembled bogies for international markets.

CRG INDUSTRIES GROUP

Pioneering Precision

CRG Group's Advanced Railway and Defense Manufacturing

Welcome to CRG Group, a beacon of innovation in the railway and defense manufacturing sector. With over four decades of experience, we specialize in producing high-quality, precision-engineered components that fuel the progress of global transportation and security. Our extensive product range includes everything from fully assembled bogie frames for international railways to advanced FRP solutions and critical safety components like snow nets and elastic rail clips.

At CRG, we combine state-of-the-art technology with our rich heritage in metal fabrication and design innovation to meet the diverse needs of our clients. Located strategically in India, our facilities boast over 100,000 square feet of advanced manufacturing space where our dedicated team of engineers and specialists work tirelessly to push the boundaries of what's

possible. Our commitment to excellence not only powers the Indian Railways and defense sectors but also places us on the map as a crucial player in international markets.

Embracing the Future: CRG Group - Your Gateway to Manufacturing Excellence in India

For over four decades, CRG Group has been at the forefront of manufacturing innovation. Established in 1982 as a manufacturer of tractor parts, our journey has evolved significantly. Within a year, we expanded our expertise to the Indian Railways, and by 1988, we were also serving key defense sectors including SASE and DRDO under the banner of M/s. Shanti Steels.

Join us on our journey as we continue to expand our horizons and embrace new challenges in our quest to redefine industry standards and enhance global connectivity and security.

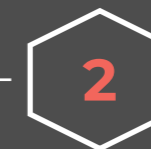

HOW IT STARTED & THE GENERATION BEYOND

In 1983, spurred by his innate creativity and entrepreneurial acumen, Mr. Goel transitioned into the realm of manufacturing and supply, establishing pivotal partnerships with esteemed institutions such as the Indian Railways and DRDO Lab (SASE). It was during this epoch that he spearheaded a transformative initiative, contributing to the development of the Elastic Rail Clip (ERC) under the auspices of the Track Modernization Scheme in collaboration with RDSO.

Mr. Madan Gopal Goel's remarkable journey epitomizes the transformative power of visionary leadership and unwavering determination, serving as an inspiration to aspiring entrepreneurs and industry leaders alike.

THE CLIENTELE

CRG Industries is a leading force in the realm of manufacturing for the railway and locomotive sectors with decades of experience.

CRG Group proudly serves esteemed clients such as Indian Railways, Mozambique Railways, and RITES Expotech. These partnerships reflect our commitment to delivering innovative, high-quality manufacturing solutions.

Our expertise in heavy steel fabrication and advanced railway components ensures that we meet the rigorous standards of these industry leaders, supporting their success on both national and international stages.

MADAN GOPAL GOEL
FOUNDER, CRG GROUP

Mr. Goel, a distinguished graduate with B.A LLB from Panjab University in 1978, embarked on a pioneering journey into manufacturing in 1982, starting with Tractor Parts.

This laid the foundation for a career marked by significant innovation and enduring dedication. His path reflects the power of visionary leadership and relentless determination, serving as a beacon of inspiration for aspiring entrepreneurs and industry leaders.

Mr. Goel's achievements stand as a testament to his transformative impact on the manufacturing sector.

CRG GROUP YOUR PREMIER MANUFACTURING PARTNER IN INDIA

CRG Group stands as the pioneer in India's manufacturing sector, recognized as the go-to partner for companies seeking excellence and innovation.

Our extensive experience and unmatched expertise in producing critical components for Indian Railways, Defense, and global markets have set us apart as the leader in the industry.

With a reputation built on precision engineering, state-of-the-art facilities, and an unwavering commitment to quality, CRG is the preferred choice for businesses looking to enter or expand in the Indian market. Our clients, ranging from Rail Coach Factory Kapurthala to international railways, consistently turn to us for our ability to deliver on complex projects with the highest standards, reaffirming our position as the benchmark for manufacturing in India.

OVER 40 YEAR EXPERIENCE OF WORKING EXCELLENT.

With over four decades of experience in the industry, CRG Group has established itself as a leader in manufacturing high-quality components for the railway and defense sectors. Our extensive expertise, combined with a commitment to innovation, ensures that we deliver reliable and cutting-edge

OUR PRODUCTS FOR RAILWAYS

Reaching the Global Railways Market

Bogie Bolster for LHB Bogie

Bogie Frames for Conventional Coaches

CRG GROUP: YOUR STRATEGIC MANUFACTURING PARTNER IN INDIA

CRG Group is your gateway and trusted partner for manufacturing in India. With over four decades of expertise, we offer unparalleled solutions tailored to meet the needs of global industries.

Specializing in heavy steel fabrication and advanced railway components, we are

committed to delivering quality, innovation, and reliability.

Whether you're entering the Indian market or expanding your operations, CRG Group stands as the premier choice for a successful partnership in manufacturing.

- DECADES OF EXPERIENCE
- STRATEGIC LOCATION
- STATE-OF-THE-ART FACILITIES
- RAILWAY INDUSTRY EXPERTISE
- CUSTOMIZATION CAPABILITIES
- DIVERSE PRODUCT PORTFOLIO
- SKILLED WORKFORCE
- RAPID PROTOTYPING
- INTERNATIONAL STANDARDS COMPLIANCE
- PIONEERING MANUFACTURING TECHNIQUES
- COMMITMENT TO QUALITY
- INNOVATIVE SOLUTIONS
- SUSTAINABLE GROWTH
- GLOBAL REACH
- STRATEGIC ALLIANCES
- COMMITMENT TO SAFETY
- ECO-FRIENDLY PRACTICES
- FUTURE-READY TECHNOLOGIES & VISION

CRG GROUP: STRATEGIC LOCATION & INFRASTRUCTURE

CHANDIGARH
PANCHKULA

Our headquarters in Chandigarh stands as the nerve center of CRG Group, where strategic decisions and innovations are crafted. Located in a city renowned for its modern infrastructure and connectivity, the Chandigarh HQ is not just an administrative hub but a cradle of ideas that drive our growth. This is where our leadership team collaborates on key initiatives, fostering a culture of excellence that permeates every level of our operations. The prime location in Northern India ensures that we remain connected to key markets and industry leaders, making Chandigarh an ideal base for our expanding global footprint.

BARWALA
HARYANA

The Barwala plant is a cornerstone of CRG Group's manufacturing prowess. Equipped with state-of-the-art technology and machinery, this facility is where precision engineering meets large-scale production. Specializing in heavy steel fabrication, the Barwala plant is instrumental in producing a wide range of components for the railway industry, including bogie frames and fully assembled bogies. The plant's location in Haryana places it within easy reach of major transportation networks, allowing for efficient distribution and logistics.

BADDI
HIMACHAL PRADESH

Our Baddi facility is dedicated to the production of high-tech railway components, further solidifying CRG Group's role as a leader in the industry. Located in the industrial hub of Himachal Pradesh, the Baddi plant leverages cutting-edge technology to manufacture components such as underframe assemblies and modular toilets for modern coaches.

CENTRALIZED EXCELLENCE: STRATEGIC MANUFACTURING HUB IN INDIA

Our facilities, strategically located in Chandigarh, Barwala, and Baddi, form the backbone of CRG Group's manufacturing excellence. From our Chandigarh headquarters, where strategic decisions are made, to the state-of-the-art production capabilities at Barwala and Baddi, each location plays a vital role in delivering high-quality, innovative railway components.

These hubs of activity ensure we remain at the forefront of the industry, providing reliable solutions to clients globally.

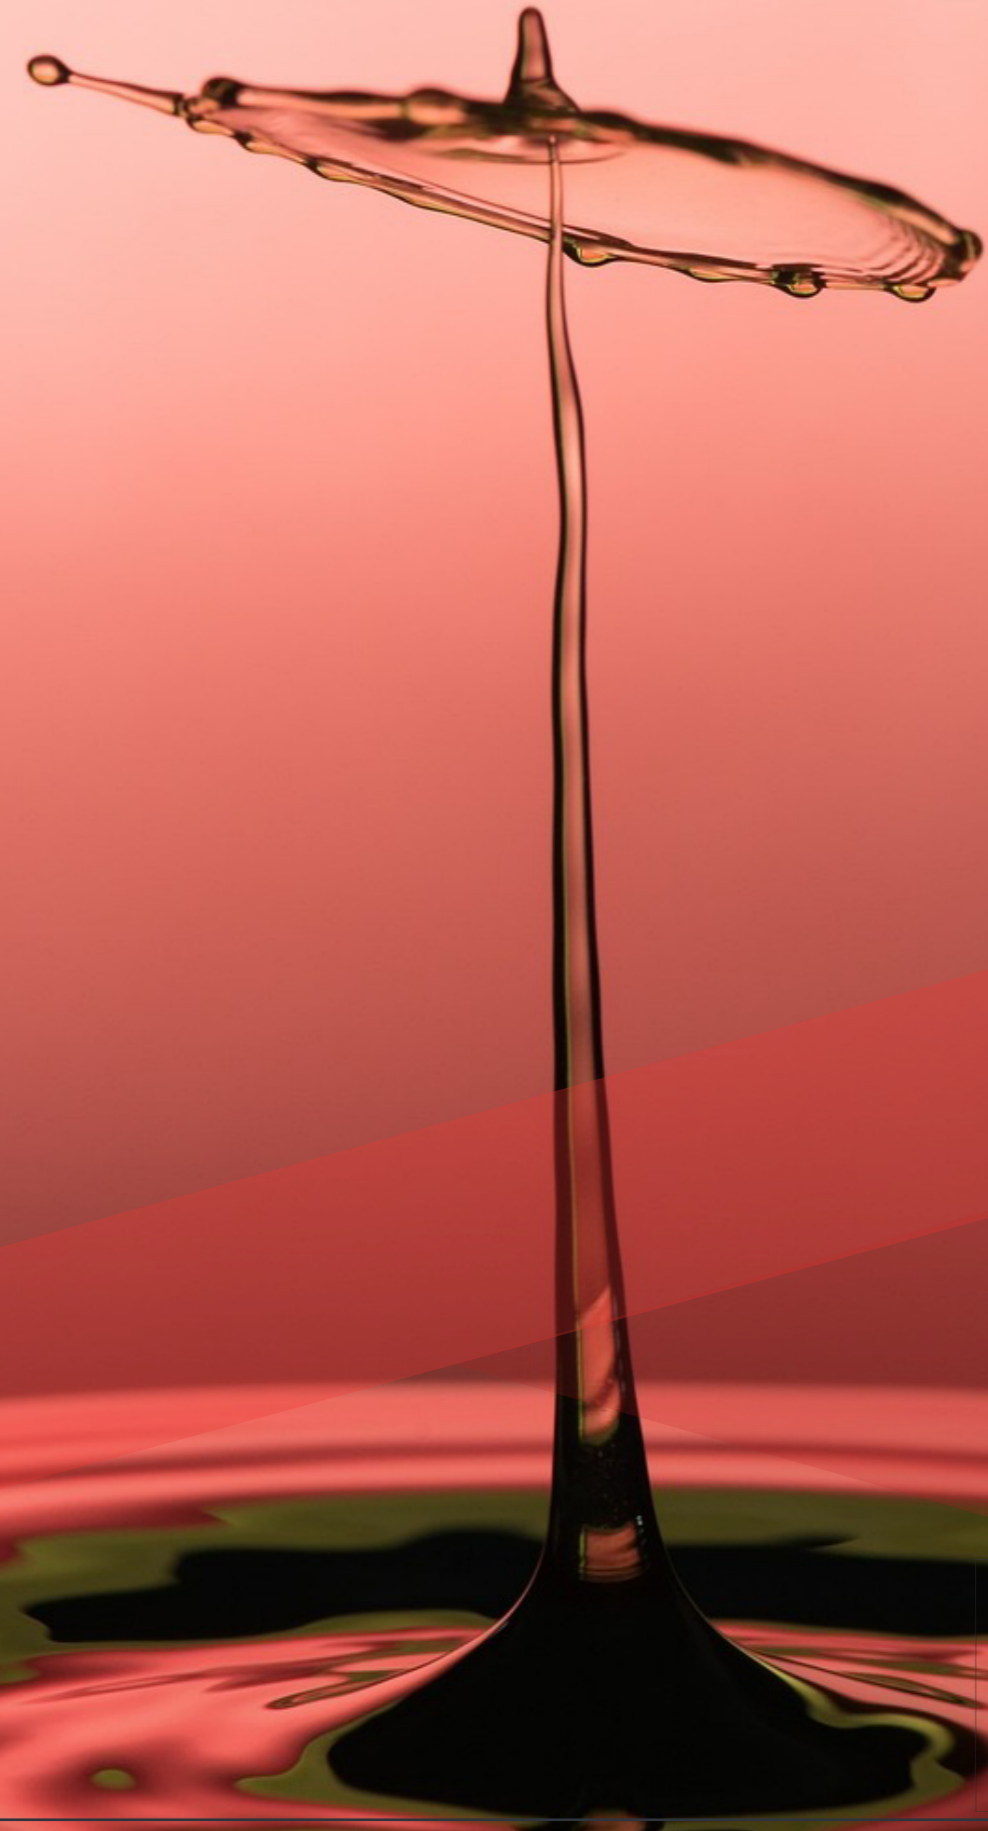

EMBRACING THE FUTURE: CRG GROUP - YOUR GATEWAY TO MANUFACTURING EXCELLENCE IN INDIA

Innovation and Growth: CRG was among the first in India to engineer the Pandrol Clips, now globally recognized as Elastic Rail Clips. This pioneering spirit continued as we developed advanced components for the Rail Coach Factory in Kapurthala. By 2004, our growth necessitated a rebranding to CRG Industries, consolidating our operations within two modern facilities in Baddi and Barwala, and a strategic administrative office in Panchkula, Haryana.

CRG Group envisions becoming an indispensable partner for global industries seeking to enter the Indian market. We are committed to leveraging our extensive manufacturing prowess and strategic alliances to support ambitious projects, especially those emphasizing advanced technology and innovation.

Looking Ahead: Our ongoing projects include the development of complete shells for WAP-7/WAP-9HC locomotives and fulfilling international contracts for railway bogies. As we continue to expand our reach and capabilities, CRG Group remains dedicated to setting new standards in manufacturing, ensuring that our clients around the world receive unparalleled quality and service.

WELCOME TO INDIA

Welcome to Manufacturing in India: Your Gateway to World-Class Production and Innovation.

Experience the future of manufacturing with a partner committed to excellence, reliability, and global success.
